

1/72 Centaur dozer kit

(for 1/72 Cromwell tank kit)

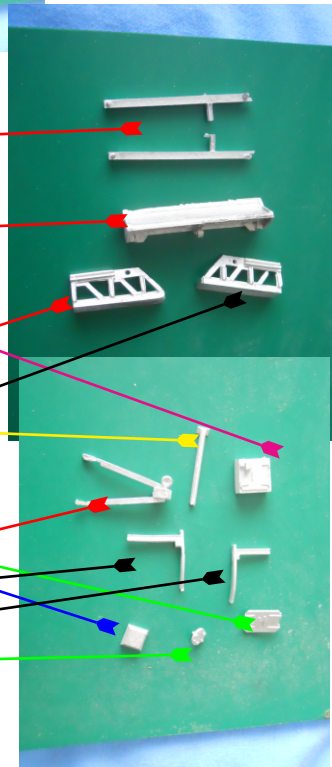

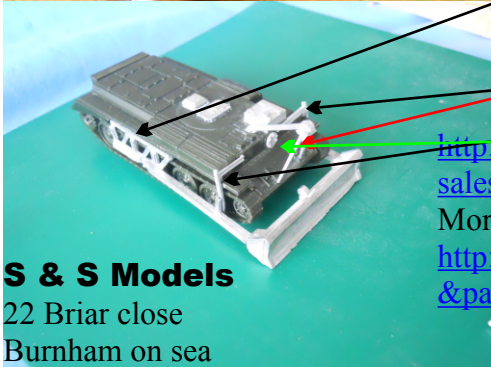

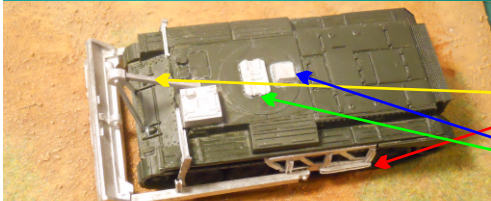

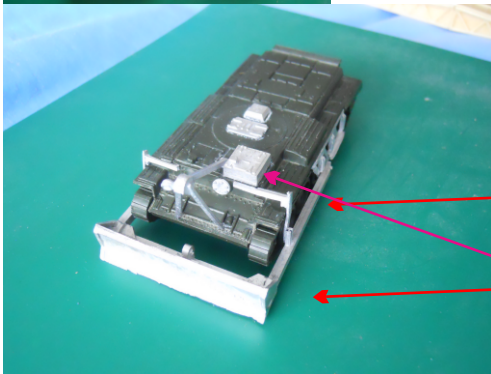

In 1944 the British Army found their existing armoured bulldozers were too slow to keep up with the advance so they designed a dozer attachment for the Centaur tank.
 Our kits converts any 72 scale Cromwell into this dozer tank as the hulls were identical.
 Widely used in north west Europe from late 1944 onwards.

Side arms,
Dozer blade
& arm supports

'A' frame, Cupola, large hatch,
Side arms to hull supports,
'A' frame rear arm, hull mg blank & small hatch
